| Sub : Re: Revision of your firm as approved supplier of excess. | Ref : Your Letter No. NL dated 02-04-06-18 |
| I am directed to inform you that, your application for enhancement of your concern in the approved list of supplier to this Railway has been carefully considered and it has been decided to invite your firm on the list of approved suppliers with the details mentioned below: | |
| 1. The revised list of your firm is enclosed herewith. | |
| 2. Any change in your firm's name or address will be liable to remove from the list of approved suppliers. | |
| 3. The revised list of your firm is valid for one year from the date of issue. You may apply for removal of your firm from this list if you do not wish to continue with your performance for supply of excess to this Railway. Please note that you may apply for removal of registration, well in advance, before the expiry of the present registration and ensure to obtain the details of the orders executed by you during the last 3 years. | |
| 4. Please note that in an approved registered supplier of the Railway, you will be subject to the BBS Condition of Contract issued by the concerned authority. Please refer to the BBS Condition of Contract for further details. | |
| 5. You are also advised that any subsequent changes in the constitution of working of the firm should be promptly communicated to the concerned authority. | |
| 6. Please mention QSTIN No. _____ | |
| For PRINCIPAL OFFICER MATERIALS MANAGER | |
|  CHURCH GATE, MUMBAI WESTERN RAILWAY | |

Manufacturer of Pre Engineered
Buildings and Railway Components

ADITYA TECHNO-FAB PVT. LTD.

COMPANY PROFILE

Established by a group of professionals in the year **2013**, we, “**Aditya Techno Fab Pvt. Ltd.**”, are the leading manufacturer and supplier of **Pre Engineered Buildings**. All our products are developed in compliance with the quality standards set by the industry. Our steel sheds are widely demanded by the clients to enhance the stability and strength of a structure with nominal thickness. The products that we offer are widely demanded for their low maintenance, anti-corrosive attributes and longer service life. Besides this, our organization also undertakes efficient **Installation Services** for the same. Our services are widely acknowledged for their features like reliability, timely execution and flexibility.

We are empowered by highly industrious experts, who are capable enough to deliver impeccable products to the customers. Our professionals are very rigid about sustaining the quality of the products and make sure that these are free from all types of flaws. The workforce of our professionals also ensures that these products are satisfactory enough to fulfill the varied applications relating to residential, industrial and commercial sectors. Due to their proficiency, we have been able to gain the faith and trust of our trusted clientele.

Under the able leadership of our Director, '**Mr. Laxminarayan Chhadodi**', we have established a strong foothold in the industry. His ample product knowledge and far-reaching industry experience have allowed us to fulfill the expectations of the customers.

Company Profile:

Business Type: - Manufacturer, Supplier & Service Provider

Year of Establishment: - 2013

Ownership Type: – Pvt. Ltd.

Annual Turnover: - Rs. 50 Crore

Location: – Pithampur, Madhya Pradesh

Total Number of Employees: - 250 People

Primary Competitive Advantage: - Large Product Line, Large Production Capacity, Provide Customized Solutions

Product Portfolio

We are occupied in manufacturing and supplying a wide range of **Pre Engineered Building**. The range offered by us is highly acclaimed in parking lots, restaurants, malls, cinema halls and varied other areas to guard the parked vehicles from the harsh sunlight. Our range is manufactured employing authentic raw material procured from market reputed vendors. Some of the products that we offer is tabulated below:

Products Categories

Our products are widely lauded across the domestic market because of the mentioned below reasons:

- Longer service life
- Maintenance free life
- High tolerance against extreme weather conditions
- Cost-efficiency
- Withstand vibration and heavy shock loads

Apart from this, we carry out **Installation Services** of these products. Owing to their reliability and flexibility, these services are widely acclaimed in the market by the clients.

a new dimension in the current production process is

Incorporated in respect to the industry norms. Moreover, for organizing surveys, our professionals adhere to a dexterous way through a particular technology that has been executed in the form of questionnaires and evaluating previous reports.

Quality Assurance

In order to stay one step ahead of our rivals, we have formulated a stringent quality guideline. The guideline allows us to sustain our products in line with the global standards of quality. Our experienced quality inspectors make sure that the products provided by us are free from all flaws by testing the base material for the manufacturing of our products at our premises. Some of the factors based on which the testing process is conducted include:

- Functional life
- Maintenance Tolerance

Addition to this, these quality controllers ensure that the manufacturing process is executed in an efficient manner. Further, our organization adheres to certain quality guidelines that include:

- Delivery of flawless products
- Continual quality improvement
- Cost effective products
- Prompt delivery of products

Our Infrastructure

We have set up sophisticated infrastructure, which sprawls over an out sized area in Madhya Pradesh, India. The unit is partitioned into well-defined facilities that are located in close distance to each other in order to ensure easy and efficient supervision. Listed below are the varied sections of our infrastructure:

- Manufacturing unit
- Research unit
- Quality control unit

The manufacturing unit is installed with all the latest and advanced machines that allow us to meet the bulk requirements of the clients within the promised time frame. In addition, we constantly lubricate our amenities and technologies to confront the challenges of the future.

Our Team

The dexterous professionals recruited by us are backed with an elephantine industry experience and allow us to provide impeccable products to the customers. Our workforce carries out all the tasks in a harmonization manner to ascertain that the orders placed by the customers are completed within the short period of time. Some of the members working in our workforce include:

Engineers,
Quality controllers
Warehousing staff
Sales and marketing executives

Our professionals are optimistic about manufacturing the products in line with the details given by the customers and offer them with utmost satisfaction.
